ABOUT US

AL MOTHABERON BUILDING CONTRACTING is a division of Al Mothaberon Group and leading construction company based in UAE & KSA, Also known as Al Reshadan Trading & Contracting Establishment, founded in Saudi Arabia in 1979 and recognized as one of the prominent building contractors in the country's eastern region.

The group main office is located in Al Khobar Saudi Arabia. With More than 300 employees, including 22 engineers, 40 supervisors, and roughly 20 administrators. Al Mothaberon Company has been operating as a construction company in Dubai since 2015.

We have grown from a reliable construction, investment, and real estate development to a distinctive and highly sought-after company that offers full turnkey solutions in architectural, engineering, building, interior design, fit-outs, and real estate investment.

With a reputation built on innovation, quality, reliability and sustainability, we provide a wide range of end-to-end services that can turn any design concept or site plan into reality.

CHAIRMAN'S MESSAGE

In life, great things are seldom achieved by one person. To develop something stunning, sturdy, and long-lasting, collaboration is necessary. When it comes to real estate projects and developers in KSA and the UAE, AMBC has been a reliable, diligent partner.

Our success is attributed to our commitment by bringing to our client vision into reality by comprehending their interests and goals, which is made possible by our vast resources, in-depth knowledge, and passionate team members.

This is our area of expertise and reputation's cornerstone. We'll keep developing with fresh tactics and advanced technical skills.

Together, we're building a legacy of excellent heritage for years to come.

Eng. Mohamad Ahmad Hejazi

Chairman
